

Child **DESIRE** Foundation

*Helping Hand to fulfil the childhood **DESIRE***

Provide.....

A CHANCE FOR **daily living** of
THE CHILDREN AND WIDOWS SURVIVAL.

TRANSFORMING LIFE OF THE CHILDREN AND WIDOW FAMILIES FOR THEIR DAILY LIVING

We support children from the little one till the teenage orphan boys and girls for their daily requirements along with their education. These children some have lost their parents in an accident, neglected from their grandparents, thrown out of the house from uncle and aunts as nobody is ready to take the responsibility and expenses for their living. Each child has a unique contribution to make to the world so we as child DESIRE has taken the responsibility of such children working on their childhood desire to be fulfilled and feel that we are responsible for their **FUTURE**.

We have very good volunteer team who investigates Widow Families all over the places. We support widows of the young till the age of 80s. One the widow granny whom we support doesn't have anyone to provide food and shelter for her. Our volunteer had found that granny was selling someone's card board and drawing rangoli for the nearby houses for her living. She is been starving for days without food and used to eat spoilt food. We found and started giving groceries and meeting her necessary requirements. Likewise the other neglected family in which the lady is affected with Stroke and she is not able to talk. Their children have left them on the streets so we started to support their daily requirements on a monthly basis.

Why Child DESIRE?

Child DESIRE was registered as a non-profit voluntary organization with a goal to fulfil childhood desire for the neglected children and under-privileged widow families survival. Organization is functioning with an objective of health development and well being of children and families through institutional care homes in various places in Bangalore.

Besides, as poverty discrimination continues to stop their living, we have taken responsibility of such families to extent their living with the basic provisions along with hope to live their future without fear. We just want to say that we child Desire are with them in which their family didn't give hope for them.

Did you know?

- ❖ We will never know how many people died of starvation, because no state government will admit to starvation deaths.
- ❖ This was written by P Chidambaram | Updated: May 4, 2020 3:36:23 pm in Indian Express
- ❖ It is pertinent to realise that 34 out of 1,000 children born in the country die in the mother's womb itself. Nine lakh children below the age of five die much before they can comprehend the meaning of independent India and approximately 19 crore people in the country are compelled to sleep on an empty stomach. This was written by Shekar | Updated: Jul 30, 2018, 12:48 IST in Hindustan times.

Mission:

The Mission of child DESIRE is to improve the lives of the children and neglected families' struggling with the daily requirement. We provide medical comprehensive health care support, Shelter services, foods, educational support and social security to help these lives to achieve their full life potential.

Aim:

Our aim is to make sure no child and families are neglected with scarcity and they should not die of hunger.

Vision:

Our vision is to reduce dishonour and discrimination associated with scarcity and eradicates death cases amongst such people. Child DESIRE should be the most admired organization with regard to support the overall development of underprivileged and undernourished children.
